Holiday Inn Bayside wins multiple awards after spending \$4 million to give Hotel Stunning New “Curbside Appeal”

Point Loma, CA – The **Holiday Inn San Diego Bayside's** five months of renovations last winter have paid off, with the hotel winning both the **2007 Holiday Inn Renovation Award**, as well as **“Best Value” Hotel** by the **Best of San Diego 2007 Reader’s Poll**. These awards showcase the multiple enhancements made to the hotel, from the exterior transformation of the hotel and surrounding landscape to the renovation of the Point Loma Café and Bayside Bar, which now boasts a very modern and customized look special to the restaurants and lounges owned by Bartell Hotels. These upgrades provide an inviting curbside appeal that better reflects the guest rooms and features offered by the property.

The hotel sits at the entrance to Point Loma on North Harbor Drive between Harbor Island and Shelter Island, directly across from the America’s Cup Harbor. It offers 237 guest rooms, 10 of which are two-room suites, many which directly face San Diego Bay. The tropically landscaped poolside deck and 9-hole putting green provide the lush, inviting atmosphere that welcome all to our perfect climate in San Diego. The Holiday Inn Bayside is one of seven independently owned hotels of the Bartell Hotels family. Other hotels in the Bartell Hotels family include the new Sheraton La Jolla, Humphrey’s Half Moon Inn and Suites, Pacific Terrace Hotel, The Dana on Mission Bay, Island Palms Hotel & Marina, and the Days Hotel-Hotel Circle/SeaWorld.

The winning exterior look features all new dual paned, ocean blue colored windows and sliding glass doors, new stucco and paint on all buildings, new railings on all balconies, and new partitions on the ground floor pool room patios. The warm brown and beige hues on the building’s exterior complement the additional \$100k spent on lush green landscaping throughout the property.

The award winning look awaits you at the Point Loma Café and Bayside Bar as well. Both areas have new travertine floors, granite tables with new chairs, and white plantation shutters in the restaurant. A bright, clean, contemporary look balances sophistication with the reasonable prices expected from a Holiday Inn. As always, the great menu selections are still being offered for breakfast, lunch, and dinner. The Bayside Bar offers daily Happy Hour Specials from 4:30pm – 7:30pm, with complimentary hors d’oeuvres from 4:30pm – 6:30pm.

Please visit our website at www.holinnbayside.com for pictures, a virtual tour, and information on how to book your next meeting or stay at the Holiday Inn Bayside.
